As we come to the end of another year, so much has been accomplished both as a club and members. Love hearing all the brags, keep up the good work ! The new board will have lots of decisions to be made at the January board meeting. We will be having a short membership meeting at the awards luncheon and we'll get everyone up to date then. Please get your dues and luncheon payments in, and don't forget to get your titles in to Judy.

That's about all I have, see you at the luncheon !!

Merry Christmas and Happy New Year !!!

From the Vice President

I'd like to thank our membership for first, electing me your President and then the Vice Presidency role It's been a building time within our Club's and the structure has changed somewhat.

As for our Classic, we've been fortunate to have SKC's involvement and support with our Classic and its turned into quite a first class show weekend. It, too, is evolving into the way we do planning and business with WNC Ag Center as well as using local vendors to support our weekend. The site is the best of the best in our area and we're thankful for the relationship with Matt the Manager. So with the elections now over, the Club is in good hands and look forward to their leadership.

I'll be around to help with shows and of course support to the Club. So in the holiday season of giving we are all blessed to have such opportunities, friends, and the ability to have the Club work in some community affairs.

The Best to All of you!

Judy

Classic Information for BRCC 2019

In Feb/March membership meetings the show committee will be passing around sign up sheets for members to sign as to where they would like to work on Fri and Sat for HKC. So please sign up for a JOB! Also you can volunteer to help hospitality with shopping for our Judge's and Show Hospitality. Also we will have a new job this May, helping Claire Levintree with giving out tickets to exhibitors at start of groups for our new Scoops for Groups. Remember you must work 4 hrs in order to enjoy lunch at our shows. So think about where you'd like to help and come forward and sign up on sheets at our meeting or email me. Remember we always have the Wilson's from SKC help at the host table with catalogs etc. They work our days as they attend church on Sun and Mon they have services also..... for our VETERANS! We're trying to get some of these jobs taken care of early as we have NEW timelines by AKC and MBF due to fact that our weekend there is also 3 other large clusters..... Judge's Selection has met twice in last month and they have just about finished the panel so judge's assignment letters will be going out shortly. Also we have some wonderful specialties, regionals and supported entries joining us so Expo Bldg will be busy for sure remember we have that kitchen open for 3 days and we will need someone to take on overseeing supplies and the running of that amenity for our exhibitors. Bob Ewing SKC and Corliss will once again be overseeing Hospitality which is a large job so help will be appreciated.

Reminder—Award Forms Due!

Reminder: We need your dog's achievements on email sent to me for Award plaques or ladders for our Award's Luncheon in January ASAP! (See form in this issue!)

Other Awards

The members will also be voting again for Good Sportsmanship Award due to some sponsored letters not being read. So you'll get to vote and Melissa can tally the Winner and let me know so I can get the plaque engraved. Also we're up for any funny things that happened to you, a member or your critters during the year — we like to ROAST people with some great humor! Please be timely in getting our reservations (\$10 per person) for our luncheon and also a reminder DUES are due, too!

Thank you for volunteering and thank you for supporting your Club. Also remember you can sponsor your breed (s) with the wonderful trophies Peggy Dellinger has acquired for our days join in and its good for your breed and Club.....

June Peterson

I grew up in Los Angeles, California. I obtained my first dog, a Miniature Poodle named “Fuffy” in the early 1970’s. My very first Obedience Class was taught by Bill Kohler at the Hollywood Dog Obedience Club. I trained “Fuffy” through Utility, Fly Ball, Relay and performed in a drill team for parades. I could not believe how interesting and wonderful this dog hobby was! There was nothing I could not or would not do with my dog, yet felt something was missing. I needed a Conformation dog so that I could just walk into a ring and get an easy blue ribbon... I was a teenager and that was a big deal. But the dog had to be small (living with my parents in city), had to have easy coat care, had to be easy for a novice to show (not too popular of a breed) and had to be a top competitor in Obedience. So, I purchased my very first Papillon in 1973. I continued training, showing and breeding Papillons ever since under the kennel name “Serna-Stedt”, showing in both Breed and Obedience. I have trained a total of 5 dogs through Utility and have bred well over 100 Papillon AKC champions, always showing my own dogs. I campaigned two different homebred bitches to number one female in the breed... showing many times at Westminster, Eukanuba, Chicago International and even managed to win at the National Specialty many times.

At the same time, I was also in the Navy (during Vietnam), Air National Guard and Air Force Reserve (total 34 years) while finishing my degree and working full time programming computers.

In 2005, I decided I wanted something different so I bought my first English Toy Spaniel. This opened a new world for me as I befriended a wonderful breeder in Finland. I showed my own homebred bitch, “Emmy” in Finland and she won 2nd in the Utility Group (which is the highest placement this breed has ever received in Finland). She continued her show career winning her FCI International Championship with an invitation to show in Crufts. On my bucket list was to show my own homebred in Crufts.... I did that and “Emmy” won the bitch ticket. I have shown two of my English Toy Spaniels at the World Dog Show in Helsinki, winning BOB and BOS. I have

been co-breeding my English Toy Spaniels and currently have the number one King Charles variety (named “Paddington”) in the country.

I just recently went to Puerto Rico where I showed a Papillon, an English Toy Spaniel and a Phalene at 4 FCI shows. I now am qualified to show my Phalene in Crufts this coming March.

My husband, Chuck Crane, is the current President of the Antique Automobile Club of America (AACA) and has his local club meetings on the same night as the HKC, so introducing him might be a little difficult. We have a gift store on Main Street in Brevard called “A Blast From The Past” where we make our own fudge and sell gifts.

“Problems” include everything from fear biting to jumping, pulling on leash, barking, etc.

Indicated that in her opinion, most problems people in general have with their dogs stem from lack of exercise and lack of giving the dog a job to do.

Meeting adjourned 8:13pm.

Oh, I wish I had a picture, but it was still dark when I first let the dogs out in the snow. Kali looked at it, apparently thought she could just jump on top of it, sank in, panicked, leaped several times then stopped and laid down in it. Wouldn't move until I shoveled her out!!

Here she is checking out the piles, but staying in the shoveled area! Her first big snow!!

Holly Bamford reports:

My Australian Terrier, Ch Blue Moon Wild Thing I Think I Love You "Sally" finished her championship with a 3 point major in October at Atlanta.

Hope is a lovable Otterhound well on her way to her Grand Championship in Philadelphia, PA. CH Ria's Blaze Of Golden Hope is a second generation Otterhound from Ria Kennels in Florida. I showed her mother and 2 of her sister to their championships as well.

The thrill of a life time is having somebody ask you at the last minute to show their new champion (never been shown as a champion...just met him) at the Giant Schnauzer National Specialty at Purina Farms in Grey Summit, MO and winning Best Of Breed! Dreams do come true!!!!

Toby was a lot of fun to show in Winston-Salem, NC. Again, another dog that just met. This handsome Old English Sheepdog managed to pull off Best of Winners, once he stopped kissing both the judge and me.

JoAnn Freise:

Thank you for beautifully leading Marz to win the 2018 National Specialty!

We received the 2018 Annual Report from the Community Foundation of Henderson County. "Heroes of Hope" edition (50 pages - beautifully and professionally presented). The Hendersonville Kennel Club, Inc. is listed under *Non-Endowed Donor Advised Funds on page 28*. I shall bring it to our next meeting for the membership to peruse.

Contribution to the Community:

On December 1st, the HKC received a lovely thank you from Trina Stokes, Executive Director of *Council On Aging*. This acknowledgement represents our most recent donation of \$289 to be used for pet food for their **Meals On Wheels** clients. These funds were sent directly to the COA of Henderson County from our fund with the *Community Foundation of Henderson County*. Both of these agencies are 501.C3.

Handling Class

On October 25, 2018, we held our last Handling Class of the year. Jim Rathbun was our guest judge. He gifted everyone with many of the *tricks of the trade* used by professional handlers. He shared wisdom and insight. We had an hour chuck full of pointers. Somehow, JoAnn Friese was not caught on camera. She was working an adorable Irish Setter puppy bitch...*Sigh!*
